

## How Conservatives Tried To Capture The Province

**SPECIAL REPORT**  
**Legislature Had Enjoyment Yesterday When Humorous Speakers Were Heard**

**J. E. STAUFFER CHOSEN AS DEPUTY SPEAKER**

**Hon. C. B. Mitchell, R. Patterson, Martin Woolf, John Commons and L. Boudreau Speak**

Notwithstanding the financial straits of the Public Works Department of the Alberta Government have spent on roads and bridges in the province during the present year no less than \$719,687, made up as follows: bridges, \$114,678; ordinary roads, \$102,275; and on trunk roads, \$482,734. These figures were given to the Legislature yesterday by the Hon. C. B. Mitchell, Minister of Public Works in his rebuttal of the charge of the Leader of the Opposition that the Government had not made the ordinary expenditures on the roads of the province this year.

Opposition Leader Mitchell accused the Government of having spent a year of financial stringency and money is scarce therefore the province should have opened wide the arms of the public treasury and poured out over the highways and attempts to stem the world wide depression. So far from the province having opened its purse strings, the expenditures quoted by Mitchell, the Minister of Public Works, have been able to carry out its program of road and bridge construction in the face of the adverse conditions.

**Alberta's Public Works.**  
The highways bill which failed to pass the Dominion House for the winter session, the Government has a fair and equitable distribution of the proceeds of the \$100,000,000 proposed to spend on roads, was referred to by Mr. Mitchell, the Opposition having quoted the figures as an example of the thoughtful consideration of the Federal Government on behalf of Alberta. Had this bill been passed Alberta would have received a share of the \$100,000,000 in road money that was to be voted, a policy \$12,668, or less than 1 per cent for each constituency in this province.

**Assist Farmers Further.**  
Although the legislation has been passed, Mr. Mitchell stated that the Government had not yet wiped out the hands of the farmers by assisting the farmers against the electric companies in the province, and that it might be necessary to implement the Electric Act still further to the benefit of the farmers.

**Tells Story of Attempt to Prosecution**  
We are not through with the Electric Act yet, and we are not through with assisting the farmers of the country in the road to their grain. The Government has foreseen the possibility of improvement in the province of the Electric Act, and has taken steps to improve the province of the Electric Act.

**Humor Is Enjoyed.**  
A good deal of humor was imparted to the House yesterday by the honorable members from Macleod, Cardston and R. Patterson, each of whom had a quiet time in the House. The member for Macleod, R. Patterson, suffered from the mids, one of indifference, owing to which it is hard to be impossible for the House to hear him. He was, however, except at intervals. He is, however, a good deal of humor in the House.

**Chinese Leader Reported Hiding in Vancouver**  
By Bulletin Leased Wire.  
Vancouver, Sept. 19.—The Chinese leader, who is alleged to be hiding in Vancouver, is reported to be hiding in Vancouver. The Chinese leader, who is alleged to be hiding in Vancouver, is reported to be hiding in Vancouver.

**More Fun Over Bridge**  
Martin Woolf, who took up the bridge, the member for Macleod left. Their constituents elected and since the re-election a bridge, crossing the Lower Waterfall river, for which the Government has been asked to build a bridge. The member for Macleod, R. Patterson, is now in one constituency and half in the other. Patterson said that electors had had to go 12 miles to get to a place where they could cross the river in order that they might go and record their vote. Mr. Woolf related that

Allegations that Charles Taylor, Grazing Lease Inspector for Southern Alberta, in the employ of the Dominion Government made use of his position to attempt bribery and intimidation of voters at the general election in the province last April were made on the floor of the House yesterday by Martin Woolf, member for Cardston.

"I can furnish affidavits," said Mr. Woolf, "to show that propositions were made to the settlers in the mountainous part of the constituency of Cardston that their grazing leases would be purchased if they voted for the Conservative ticket and that if they voted Liberal they would not."

"In the home-stead colony settlers were told that it was not necessary for them to spend the full six months on their homesteads and that through his influence with the department they could vote Conservative he could get them approval of their patents."

## FROM ALL OVER WEST COME GREAT HARVEST REPORTS

**Alberta Farmers Are Straining Every Nerve to Harvest Great Yield Yet Produced—Saskatchewan Sends Stories of Big Yields All Over the Province**

By Bulletin Leased Wire.  
Calgary, Sept. 19.—From every section of Alberta the reports of the great harvest are coming in. The farmers are straining every nerve to harvest the great yield yet produced. The reports of the great harvest are coming in from all over the province. The farmers are straining every nerve to harvest the great yield yet produced.

**Slight Congestion Already.**  
Although the C. P. R. has been making preparation for the past two months the company did not anticipate such a large movement so early and there has been a slight congestion at several points, but empties are being rushed into the province and the shipping situation will be eased in the course of a few days. Five hundred empty cars are being rushed out. The weather has been ideal practically all fall.

**Along the Railways.**  
Along the C. N. R. lines average placed on wheat is 17 to 25; on oats 20 to 30; and on flax from 20 to 30. In the 25 districts from which reports have been received it would appear that 45 per cent of the harvesting is done.

**Along the Railways.**  
Along the C. P. R. lines those reporting seem equally optimistic, the average of wheat being estimated from 12 to 25; on oats from 25 to 30; and on flax from 20 to 30. In the 25 districts from which reports have been received it would appear that 45 per cent of the harvesting is done.

## DEBATE ON THE SPEECH WAS IN LIGHTER VEIN

(Continued From Page One)

they had only to go five miles from their homes to the polling booth; they forced the river.

Mr. Patterson argued that the river was in flood.

The water was up to the horses' bellies and no higher," declared Mr. Wolf in a manner which left no room for contradiction.

Mr. Wolf, who seconded the address in reply to the speech from the throne at the opening of the last session, having been elected at a by-election last year has developed a keen command of language and is able to hold the close attention of the House.

He gave the House a very interesting and witty address, and when he had not through he was down sharply with the remark, "I think I have furnished enough entertainment for the House on this occasion."

His humorous speech from John Kenneth followed. The member for Pincher Creek is anxious if not contented and his comeliness and good looks led him to observe that he believed Mr. Brown would win his province in regard to granting to the province its

natural resources. The House hoped that Ernest John would not find any conference in his Leader at "this" conference.

**Boudreau's Best Record**  
Lucien Boudreau, Mr. Albert, which House always delight to hear, occupied the fifteen minutes left before the adjournment and devoted himself to replying to an attack made by the member for Macleod on the character of the Deputy Minister of Agriculture.

He said that in stating the deputy minister was a disgrace to himself and his position, without laying any definite charges on the table, the member had shown his privilege as a member of the House.

"It was not a very good position," remarked Leader, Minister, referring to Hector Landry, whom Mr. Boudreau challenged during the session to produce a wire from Mr. Michener confirming his promise that if he was elected in St. Albert he would be the French Canadian representative in the Cabinet.

"Who ever heard of a Conservative who was a good politician?" came the quick reply of Mr. Boudreau, aimed before the wires were cut of Mr. Michener's mouth. Mr. Boudreau stated that he promised Mr. Landry that if he would produce the wire he would withdraw from the contest. But the wire from Mr. Michener never came; therefore I remain and in it I will not beat him," said Mr. Boudreau.

**Increase of Interest Rate.**  
Owing to the financial conditions on the money markets it has been found necessary to increase the rate of interest on agricultural debentures from

4 to 4-1/2 per cent and a bill was introduced yesterday by Premier Johnston to provide for the alteration of the act passed in 1910 providing for the raising of money by the Legislature.

The increase applied to Government bonds, debentures, mortgages and debentures provided for in the act of 1910.

The resolution regarding the introduction of the bill which affects the money market was considered by a committee of the whole, Jos. E. Stauffer, the newly elected deputy speaker presiding in the chair.

**Mr. Mitchell's Speech.**  
The Hon. C. E. Mitchell, having congratulated the mover and seconder of the address on their speeches, said that there was not so much new legislation to come before the House as in the past two years. The Government had recently been to the country on its policy and had received endorsement. A very large amount of legislation was brought in last year and it was one who believed that it was possible to over-legislate. Reference had been made by opposition speakers to the amount of money spent on roads in Alberta and in British Columbia.

Some comparison was not fair to Alberta, or to British Columbia, seeing that one was a prairie province and the other was a mountainous country. The roads could be built at a much smaller expenditure than in the other which was a mountainous country. There was another reason why the comparison was not fair: British Columbia had had more money resources and could afford to spend more than Alberta, which had not.

**Public Works Expenditure.**  
The Public Works Department of the Government has expended during the 1913 on bridges in the province the sum of \$142,679; on ordinary roads \$142,224; and on trunk roads \$414,779; or a total of \$719,679, which was not an inconsiderable sum to have expended upon these most necessary public improvements in a year of financial stringency.

**Agricultural Credit.**  
On the question of agricultural credit debentures from Alberta, had been to Europe studying agricultural credit and co-operating in relation to production and distribution and the general question of organizations in rural life. These were subjects that would have to be developed during years to come. The investigations in the past had been very wide and complete and they were waiting for the recommendation of that committee which it would be the duty of the Government to carry out as far as possible.

In these respects the Liberal Government felt that they were fulfilling their duty to the agriculturists of the province.

**Conservative Opposed Roads.**  
Mr. Mitchell proceeded to charge the Opposition with having allowed the Road Bill to go through the House with scarcely any criticism, while they now told them that the bill was unfair to their side of the House. An attempt was made by the member of the opposition when the bill was before the House to have a portion of territory adjacent to the member of Red Deer Branch in constituency of Edmonton, which practically meant that the residents of that district would be disenfranchised because it would be practically impossible for electors there to get in touch with their representative.

**Natural Resources.**  
On the question of natural resources Mr. Mitchell outlined the demands made on the federal government since 1911, when the House passed a resolution asking the federal government for the control of grazing lands, swamp lands, timber lands, mineral lands, and the interest and control of the waterways.

Last year when the public accounts were before the House the Conservative Opposition moved an amendment that the million dollars to be spent on trunk roads be not voted until the Minister of Public Works stated exactly where that money was to be spent. That was a true Conservative policy because it left no room for consultation with the members of the Legislature as to the needs of the various constituencies.

**Railway Construction.**  
Further criticism was devoted by Mr. Mitchell to the Highway Bill of the Dominion Government, which, if it had passed, would have given to Alberta out of the ten million dollars to be voted only \$150,000 or less than \$1,000 for each constituency in the province.

On Monday, October 13, "It is not that we received from Mr. Mitchell," Mr. Mitchell, "It is less than this Government has spent in the constituency of October 13 last year."

Some of the more important legislation passed by the Liberal Government in Alberta was outlined by Mr. Mitchell, who said that he was very satisfied on the whole that the Government had returned at the general election. Financial conditions at present prevailing in the world had justified the policy of the Government in placing the financial responsibility of building railways upon private corporations, but the Leader of the Opposition, who declared in favor of government ownership and construction of railways still voted with the Government on the policy of encouraging the hands of private companies.

It was true that in certain portions of the province, owing to the fact that those companies had their money to build and operate the railways, the financial conditions in the money markets of the world, that the railways had not been built as quickly as they should have been.

**Regies.**  
Since had been cast by the Opposition on the Edmonton, Vancouver and the policy, which had been referred to as a promotion scheme. Of all the railways owned by the province that further railway had built more mileage in the last year than any other railway.

**To Further Help Farmers.**  
Some harsh criticisms, said Mr. Mitchell, had been made of the Executive Council, which was hardly as

**NEW WESTERN JUDGES NOT APPOINTED YET**

OTTAWA, Ont., Sept. 19.—It is learned that a number of appointments to the bench in the western provinces, which were made at a meeting of the cabinet in Victoria, British Columbia, have not yet been announced.

It is understood that in this case a recommendation of the government is required before any appointment can be made, and it is believed that the case of Gibson, of Toronto, who is mentioned in the Ottawa Citizen as having been appointed to the bench in Ontario, is not yet settled.

## MRS. DAYMAN ADDRESSES DAUGHTERS OF EMPIRE

Much interest centered about Mrs. Dayman's speech to the Daughters of the Empire on Thursday in the Overseas Club. In a finished address the speaker touched upon the bond of loyalty existing between the Mother Country and Canada. She warmly commended such leagues as the Victoria, the Daughters of the Empire and the Overseas Club, remarking that these were the strong links which made for consolidation of Empire. The patriotism and eloquence of the speech drew many cheers. Mrs. Dayman leaves tonight for the East.

During her brief visit here, the distinguished visitor has been entertained in a number of Edmonton homes. She was also a guest at the opening of Parliament. Dr. Torg, having escorted her to the Legislative Chambers.

## KING GEORGE WILL GIVE AWAY ARRANGEMENTS

London, Sept. 19.—The arrangements for the royal wedding which will take place in the fifth month are now nearing completion. It has been decided that King George will give away the bride. The suggestion that the Prince of Wales would do so is not in interest. His royal highness is to be present, but there never is a hint that he will be the bridegroom. Princes Mary, it is definitely stated, will be one of the bridesmaids. A national celebration will be held to mark the occasion. Foreign royalty and their retinues will be invited to attend. The royal family will be accompanied by the immediate family connections. An arrangement has so far been made for the wedding breakfast in the apartments at St. James' palace, but there will be a large gathering of the royal family and invited guests on some day prior to the ceremony.

The ceremony, observed at the marriage of the King and Queen will be the most important of the present occasion, but in addition form, one of the chief modifications. The ceremony, it is said, will be a more intimate affair. The city council decided yesterday to present Prince Arthur with an address of congratulation in a suitable gold case on the occasion of his marriage to H.B.L. the Duchess of York.

## CUPID'S COURT

A number of Dr. Laiter's old university pals rallied around him last night at the Coronet, tendering him an aviator dinner prior to his departure for Toronto, where he is to stage a Miss Grace McLaren tennis place on October 1.

Frost jolly evening was spent in happy reminiscences adding their merriment. The host was showered with the warmest congratulations. The guests included Mr. Walter W. Hutton, Mr. John Blue, Mr. F. Field, Mr. Howard Stewart, Mr. Richard Knicht, Dr. Stanley Mills, Mr. Norman Galt, Mr. Charles Powell, Mr. Asplund, Mr. Davis, Mr. A. M. Johnston.

## JOHN-HARVIE

At 8 o'clock on Wednesday afternoon, at First Presbyterian church, the marriage of Miss Al. Laiter, daughter of Mr. and Mrs. Jarvis, Port Dundas, near Glasgow, Scotland, now of Clover Hill, and Mr. Charles L. John, Asplund, was solemnized by Rev. Dr. McQueen. The ceremony was a most charmingly formal in Alice Hain, Harvise, also wearing a modern black velvet hat with blue and black motifs at the back. Mr. Richard Asplund, Mr. Charles Powell, Mr. Asplund, Mr. Davis, Mr. A. M. Johnston.

Afterwards the bridal party retired to the little Moon, where a sumptuous dejeuner was served. In a specially arranged room on the upper floor, which was centred by a wedding cake, surrounded an atmosphere of good luck and happiness. The bride was royally treated in sparkling champagne, the bridegroom.

COUNTLESS QUARRELS WITH ECCENTRIC PHILANTHROPIST Part of Sept. 19.—Countess Anne de La Rocheffoucauld and M. Ochoen, the eccentric philanthropist, who has made it his mission in life to find shelters for evicted tenants of unfurnished landlords, are no longer friends. Some weeks ago, Ochoen, induced the Countess to shelter fifty of his proteges at her country house. The Countess now insists all shall prove their religion by going to mass, taking the sacrament and having the crucifix above their beds.

Ochoen thought this excessive, hence the quarrel. Ochoen recently had trouble with the police, through placing poor evicted tenants in a house owned by the Countess, in a fashionable district, where the residents protested loudly.

Toronto, Sept. 17.—Prof. Robert Laird, of Queen's Theological College, Kingston, has accepted the position of secretary of the board of finance of the Presbyterian church in Canada.

## LOSS IN BROOKS

THE LOSS IS \$50,000

Brooks, Alta., Sept. 19.—The loss in the fire which visited the town last night is now estimated at fifty thousand dollars. The work of clearing up the debris is now under way.

## MUSIC

EDMONTON CHORAL UNION PREPARING FOR SEASON. During the last two months the regular committee of the Edmonton Choral Union have been actively engaged in getting the union ready for the commencement of the coming season which opens formally on Tuesday evening when on the occasion of the entrance upon its second season the union will hold an "At Home" in the Overseas Club, on its avenue east. During the recess the union received the resignation of their director, Mr. John King, who has been taken over a farm in the Vermilion district and is leaving the city on a permanent leave at Vermilion.

Mr. King proved himself a most capable director and showed the master mind and hand in bringing the Edmonton Choral Union from a very small organization in the very first year of its existence to the position of a well established and successful organization. Mr. King was the moving spirit in the foundation of the Edmonton Choral Union and his first director and proved himself to be a gentleman in winning the highest respect from every member of the organization who felt sorely induced at having to part with Mr. King's services.

Unmoved by the retirement of Mr. King, the executive and music committee of the union got together in effort to secure the services of a gentleman who would uphold the credit of the union and lead them on to even greater effort and success. Their efforts met with more than success and they are pleased to announce that they have secured a director of the union, Mr. George Hart, who will more than do the union credit and who has recently come to the city from England, where he was a leader of the highest order and recognized as a master of the art in the town of Southport.

Mr. Field who is an Associate of the Royal College of Organists and Associate of the London College of Music, is bound to prove himself a decided acquisition to the union and a gentleman, the acquiring of those services the Edmonton Choral Union feels justly proud. Mr. George Hart is an Associate of the Royal College of Organists and Associate of the London College of Music, is bound to prove himself a decided acquisition to the union and a gentleman, the acquiring of those services the Edmonton Choral Union feels justly proud.

## GOVERNMENT HAS SOLUTION OF A. & G. W.

Premier Sifton Gives Details of Government's Proposed Action to Liberal Caucus

FRANK WALKER AGAIN ELECTED CHIEF WHIP

C. S. Pingle Is Deputy Whip—Important Measure to Go Before House

Frank Walker, of Fort Saskatchewan for Victoria has been elected for the third time chief whip of the Liberal party in the Alberta Legislature. Charles S. Pingle, of Redcliff, was elected second whip. Robert J. Shaw, member for Stettin, was in running for the position of second whip, having acted as Mr. Walker's deputy during the latter's absence, but Mr. Shaw declined the honor and himself nominated Mr. Pingle.

The member for Redcliff is regarded as one of the coming young men of the Liberal party in Alberta. Mr. Walker has always been a most efficient whip and is popular with both parties in the legislature.

### Liberal Policy Outlined.

An outline of important measures which will come before the House was given to the Liberal members present at the caucus Thursday. There is no doubt that Premier Sifton has a solution to the A. & G. W. problem, and in due time it will be announced to the public through the legislature. A great many guesses have been made regarding the solution which the government has in mind, but so far, the real solution has not been divulged.

### Liberal Organization.

The meeting was held largely for organization purposes among the members of the Liberal camp. Not the members, it is understood, were taken fully into the confidence of the government regarding legislation to be introduced this session. Of course the members will observe the rules of party etiquette and not abuse the confidence of the executive.

Altogether, it is probable that the present session will be much more important than announcements so far would indicate, and it is scarcely probable that the business of the Legislature will be got through in less than five weeks.

### THAW GOES FOR AUTO RIDE WITH SHERIFF

Mattewan Fugitive Says He Spent Most Enjoyable Day For Years.

Concord, N. H., Sept. 18.—"This has been the most enjoyable day I have had in years," said Harry K. Thaw as he returned from a long automobile ride in the country today. The outing was arranged by Sheriff Drew, who has Thaw in custody pending the outcome of the extradition hearing before Governor Feltner next Tuesday.

Thaw's lawyers said they were well satisfied as to the outcome of their investigations as to precedents, and expressed confidence that they had a strong case for the governor's consideration. Wm. M. Chase, of the city, a former judge of the state supreme court and author of the official digest of New Hampshire statutes, is taking a leading part in this work of Thaw's lawyers.

A small flurry of interest was caused today when a New York man, who has been in Concord since Monday, circulating a petition asking the governor to release Thaw, was forcibly ejected from Thaw's hotel.

## INSANE MASON BLEW UP HOUSE WITH DYNAMITE

Terrible Fate of Mac Hurst and Three Daughters at Bloomington, Ind.

WIFE ESCAPED INJURY IN REMARKABLE MANNER

Summoned Family to Bedroom and Said: "We Will All Die Together."

Bloomington, Ind., Sept. 19.—In a fit of insanity Mac Hurst, 53 years of age, a stone mason, blew up his home with dynamite about 3 a.m. today, killing himself and one daughter, fatally wounding two other daughters and demolishing the house. Mrs. Hurst, in some remarkable manner, escaped.

The dead—Mac Hurst, fifty years old. Maude Hurst, 16 years old.

Fatally hurt—Fanny Hurst, 13 years old, one leg blown off, body mangled and almost unrecognizable. Elizabeth Hurst, 4 years old, body mangled.

Mrs. Hurst, who escaped injury, says the mason called the family at 2 o'clock and told them all to gather in his bedroom. Then they had all entered he closed and locked the door and spoke only these five words: "We will all die together."

Then he picked up a stick of dynamite, which was lying on the floor near him, and threw it under the bed.

## Permits Taken Out For \$65,000 Worth of Houses

Inspector's Office Had Busy Day Monday—1913 Building Record Promises to Keep Up With Pace Set During Past Years —\$13,100 for South Side.

On Monday exactly \$65,000 worth nearly all the permits were for blocks of building permits were taken out in Greater Edmonton. That means that on both sides of the river considerable building is anticipated this year; total sum, \$11,000 represents the building activity on the south side of 1913 will build up as bright and row is for contract on work on the north side. The largest permit issued for the old portion of the city, otherwise of dwellings. Not one permit calls for the construction of a business block. This is accounted for by the fact that in the early part of the year land, amounting to \$25,000.

## POPULATION OF CANADA MORE VIRILE THAN THAT OF OLD LAND

Earl of Clarendon, Aide de Camp to King George, in City—Is Profoundly Impressed With Canada—Discussing Home Rule, He Declares No Matter Which Party Aims in Power They Must Face the Music.

Edward Hyde Villers, Earl of Clarendon, K.C.B., K.C.V.O., Privy Councillor, Master of Arts, Aide de Camp to His Majesty the King, and Lord Lieutenant of the County of Hertfordshire, together with Lady Clarendon, is visiting the City of Edmonton today.

The Earl of Clarendon is on the Liberal-Unionist side in British politics, and comes of a free trade family, his uncle, Charles Villiers, being one of the founders of free trade in the United Kingdom. The Earl is a delightful personality, and in the course of half an hour's chat with a representative of the Bulletin he discussed Canada and Imperial affairs.

### Believes in Canada.

His lordship is greatly impressed with Canada and indeed he declares that no one with eyes open could fail to be anything else. The prosperity of the people, the wonderful evidences of rapid development seen on every hand, the young cities throbbing with commercial enterprise, all impress his lordship as splendid tokens of the great resources of Canada and the great future ahead of her.

"We in England do not understand Canada properly," said his lordship, "we ought to see and to know more of Canada. Your wealth and population is increasing at an enormous rate and I can easily foresee the realization of the vision of Sir Wilfrid Laurier when he says that in time to come Canada will have a greater share of the population within the Empire than will Great Britain herself. It is only natural in view of the boundless opportunities for expansion. Canada has thousands of miles where there is no population, and it would be a strange country if Canada was not able to support a greater population than the old country of Great Britain. I am inclined to believe that Canada is supported especially to mixed farming on a large scale."

### Canada More Virile.

"There is no doubt that the population of Canada is more virile than that of the old land. We are troubled with too much apathy. While we have many young men in our ranks we have also a great proportion of old men, and they would do very much better at the front, with one seen in Canada from Montreal to Vancouver. If we could only seem to be well off and there is no doubt of it."

### Conscription Impossible.

The Earl of Clarendon takes great interest in the voluntary service system in England. He is honorary colonel of the Hertfordshire Imperial Yeomanry, a volunteer and chairman of the Hertfordshire Territorial Association—the latter an organization for the raising of forces for the territorial army in Great Britain. He does not believe in conscription as a necessity in Great Britain and says that no party which attempted to introduce it would not last six weeks in office. He is, however, in favor of military service in the line of the Earl of Lord Roberts, under which conscription would be given some military training and fitted to take his part in the defence of the Empire. The physical and moral effects of such training, his lordship believes, would be incalculable.

### Land Not All Wasteful.

His lordship, touching on the land question in the old land, said that a great deal of misapprehension exists as to the position of land owners and farmers of them were able to keep their estates from rental slump. Most of them had investments in industry, and some from which they drew a larger part—their revenue. His own revenue was largely derived from the sale of land and he said that movement in the English land market was somewhat overdone by the people on the land rather than a consequence of the action of land tenants. He is personally of the opinion that the ownership of their own farms would have a beneficial effect on those engaged in agricultural pursuits in the old country and also on the country as a whole. While there were some refractory landlords who would like to see a complete change of the land, most of them were not numerous and were decreasing.

### Election on Home Rule.

Regarding home rule, the Earl said, he had been in the belief that the time for home rule coming in the future would be longer extended. In the meantime the government would go on to the country for endorsement or otherwise. If the Liberals were returned into home rule it would come into effect in Ireland, however.

### REAFFIRM BELIEF IN LITERAL TRUTH OF BIBLE

Toronto, Sept. 18.—At the afternoon session of the Anglican provincial synod, Hon. M. H. Blake won what may almost be considered a personal victory by persuading the house to reaffirm the resolution passed by the provincial synod of Canada in 1884, and which in effect declares that the church believes absolutely in the literal truth of the Bible, its authority and divine inspiration. Hon. Mr. Blake was deeply affected and asked the synod to rise and sing the hymn. This was at once done.

### Dropped Dead in Port Hope.

Port Hope, Ont., Sept. 18.—John David Smith, one of the town's best known citizens, dropped dead yesterday at the residence of his brother, Seth R. Smith, barrister. The deceased was in his 70th year, and was born in Port Hope.

### Stanley Park Trees Dying.

Vancouver, Sept. 18.—(Dominion) Vancouver experts examining Stanley Park, Vancouver's great natural playground, declare that many of the trees, bushes and shrubs are dying as the result of a rise and sink of the insects and fungi.

## Learn the New Dances at Home with the Victrola

Nothing has done more to increase the popularity of the new dances than the Victrola. Without it they would be merely local with the pace where they originated or confined to the large cities. With it they have become National and International and are known wherever people dance.

If you haven't a Victrola, get one now, and see how easy it is to learn the new dances when they are played as the Victrola plays them—with full orchestra or band and in perfect time.

Call at any "His Master's Voice" dealer in any City in Canada and let him play the Victrola for you. Victrolas cost from \$20 to \$300 and are sold on easy payments (as low as \$1 per week) if desired. Victor records are 90c for 10 in. double sided. Ask for our Catalogue listing over 5000 records.

## Saskatoon Police Force To Get Investigated By Judge McIvor

Police Commission to Advise Asking Citizens to Make Charges in Writing of Anything Against the Force—Detective and Constable Dismissed—Other Members of Force Stated for Discipline.

Saskatoon, Sept. 19.—A searching investigation into the methods of the Saskatoon police department in the conduct of their affairs will be made. The police commission has decided to insert an advertisement in the local press calling upon the public to submit any charges of police negligence in writing, which will be taken into consideration by the commission. Constable George was summarily dismissed as Chief of Police for refusing to go on the beat and Constable Dumbach, who recently joined the force, will be dismissed by the police commission to come up on the charge that he was drunk on duty last night. The commission will also investigate the case of Constable Dumbach, who was charged with being drunk on duty last night. The commission will also investigate the case of Constable Dumbach, who was charged with being drunk on duty last night.

At the same time W. J. Alderson, member of the city detective department during the past year and connected with the city police force for over a year, was asked for his resignation. Constable George was summarily dismissed as Chief of Police for refusing to go on the beat and Constable Dumbach, who recently joined the force, will be dismissed by the police commission to come up on the charge that he was drunk on duty last night. **Wheat Moving East.**  
The Ottawa, Sept. 19.—Statistics furnished by the department of trade and commerce show that for the two weeks ending September 11, the amount of wheat received at terminal elevators was 1,228,847 bushels. For the week ending September 4 only 229,210 bushels were received, but in the following week the receipts jumped to 1,228,847 bushels. This indicates a rapidly growing wheat movement in the western crop. During the week ending September 11, receipts of wheat at terminal elevators totaled 7,712,129 bushels.

## 'Campbell's Loaf'

MADE BY CHARLES W. CAMPBELL

Good Bread if not properly steamed is not fit to eat, whereas the same bread put in a scientifically made steaming room will come out perfect in every way.

This is another of the many places where we look to the safety of your health and happiness, and we can say without reservation that our room for steaming gives you the justly famous Campbell Loaf.

## Housecleaning Time

Call and see our window display of 50, 100 and 150 articles that are absolutely necessary at cleaning time. This is the store where you can get any article that is needed in the kitchen or pantry.

## Toy Department

Large shipments of Toys are arriving daily. We now have full lines of American Model Builder and Meccano, Building Blocks, Dolls, Games and Mechanical Toys of every description.

We are putting in a new addition to our Notion Department. It will pay you to call and see our display for Saturday.
